Engagement With Lukbon's
Rebels in Samar.

MANILA, Feb. 14.—Captain William
Swain, of the First Infantry, in an en-
gagement with insurgents at Paranas,
Samar, recently captured 30 bolomen
and four firemen. There were no
American casualties. The enemy's loss
is not known. It has been learned that
two hours before the fight, Lukbon, the
insurgent leader, was with the natives
engaged by Captain Swain's command.

The Remount Scandal
LONDON, Feb. 14.—In the House of
Commons today, replying to a question,
the War Secretary, Mr. Brodrick, said
that an officer of the Remount Depart-
ment stationed at New Orleans had
been accused of receiving a commission
and had been ordered to sue his accuser
or resign from the British army. The
officer had resigned.

HAY MUST RETIRE

**Wheeler Makes Sen-
sational Speech**

**Pauncefote Also Must Be Re-
called.**

**Taft is Still Before the
Senate.**

WASHINGTON, Feb. 14.—Wheeler, Dem-
ocrat, of Kentucky, made a sensational
speech in the House today during the
course of which he demanded the re-
tirement of Secretary Hay, the recall of
the British Ambassador Lord Pauncefote,
and criticised the Government's
conduct in relation to the coming visit of
Prince Henry. Wheeler gained unani-
mous consent to speak for fifteen min-
utes on England's attitude of antag-
onism previous to the Spanish war.

He began by demanding Hay's retire-
ment, declaring that he was the man
responsible for the republic's abandon-
ment of its isolation from the political
struggles of Europe. Referring to the
visit of Prince Henry he deplored the
fact that we are spending thousands of
dollars to see a Dutchman take charge
of a little ship. Referring to Pauncefote,
Wheeler said he ought to be compelled
to take the first ship home.

In the Senate.
Governor Taft, who resumed his testi-
mony before the Senate Philippines
Committee today, has decided to un-
dergo another operation for the trouble
that caused him to be operated on in
the Philippines. He was advised that
it might be fatal for him to return to
Philippines unless he underwent a sec-
ond operation.

He told the committee this morning
that there are no trials by jury in the
Philippines because the natives are
too ignorant to sit on a jury. He did
not think it would be safe to organize a
native regiment under native officers.

Pauncefote Guiltless.

LONDON, Feb. 14.—The Parliamentary
Secretary for foreign affairs informed
the House of Commons this afternoon,
that Lord Pauncefote had acted
merely as dean of the diplo-
matic corps in Washington
in summoning the meeting of April 14,
that he did so at the instigation of other
diplomats, that he acted in those pro-
ceedings entirely on his own initiative
and forwarded the notes as a matter of
routine, and that he was instructed in
turn to take absolutely no notice of the
matter.

TEDDY STILL IMPROVES

Is Bright and Cheerful
Today.

GROTON, Feb. 14.—Young Roosevelt
passed a very comfortable night and is
bright and cheerful this morning.

(Noon) The bulletins announced that
the boy is resting comfortably and his
condition continues encouraging. The
youngster is looking forward with much
pleasure to the visit of his sister, Alice.
The special telegraph wire put up for the
benefit of the President from here to
Washington remains intact and the
President is promptly notified of all
changes in the boy's condition.

President Back.

WASHINGTON, Feb. 14.—President
Roosevelt arrived from Groton this
morning. There was no demonstration.
He proceeded immediately to the White
House.

Hawaiians Excited

HONOLULU, Feb. 9.—The news of
Parker's alleged appointment as gov-
ernor has caused great excitement. The
Dole partisans are up in arms and will
fight his removal. Geo. R. Carter, who
is said to be slated for Secretary, has
been summoned to Washington.

THUNDER MOUNTAIN BOOM.

Is Richer Than Famous Cripple
Creek.

WEISER, Idaho, Feb. 14.—The Thunder
Mountain fever continues to in-
crease, and is spreading over the entire
country. Parties are leaving Weiser
every day for there. It is safe to say
that at least 50 persons left here last
week for the new Eldorado, and more
than that number will leave this week.
One man reached Weiser in 42 hours
after leaving Thunder Mountain, having
walked the entire distance from there to
Council.

He met numbers of men going in,
some with dog teams, some with horses
and some carrying their supplies. These
parties report but very little snow in the
district and considerable prospecting be-
ing done. The Dewey is running regu-
larly, dropping ten statues and the clean-

up far exceed the most sanguine ex-
pectations of the owners.
It is predicted by men who are watch-
ing the spreading of the excitement over
the country that the rush to Thunder
Mountain will equal the stampede to
California in '49. Men who are compe-
tent to speak and have been on the
ground say that it will make a greater
gold-mining camp than Cripple Creek,
Colo.

Recent rich discoveries have been
made at Marshall's Lake, between
Florence and Warren, in the locality
where years ago more than \$1,000,000
were taken out in placers, but had never
been prospected for quartz until last
Fall. A number of men have been in
there all winter, and have uncovered
some fine leads, the ores assaying well
up into the hundreds of dollars per ton.

Wanted for Beastly Crime

HELENA, MONT. Feb. 14.—Governor
Toole today granted a requisition for
James Higgins, who is wanted by the au-
thorities of Tipton, County, Ind., for a
particularly diabolical crime. It is al-
leged the Higgins, with two compan-
ions, planned the assault of the girl with
whom Higgins was keeping company.
Higgins was traced to Montana and cap-
tured near Miles City.

BET SUGAR PLANT

May be Established at Portland this
Summer.

SIoux CITY, Feb. 14.—The Sioux City
Best Sugar & Preserving Company will
send a representative to Portland, Or.,
next month to look over that field as a
location for a beet sugar factory. The
company has decided to build large plants
in Oregon and California this season, but
it is not yet decided as to their location.
General Manager William C. Peterson is
strongly in favor of locating one of the
plants in Portland, and it is highly prob-
able that he will be sent to that city to
look over the field. The Oregon and Cal-
ifornia plants will be twin factories.
Each will cost \$250,000 and will be mod-
ern in every detail. At each of these
factories fruit will be worked through
certain stages and then sent to the Sioux
City factory to be used in the preserving
process in use there.

WASHINGTON, Feb. 14.—The Women's
Suffrage Association this morning decid-
ed to hold its next convention at New
Orleans in March 1903.

TALK WITHOUT WIRES.

May be Inaugurated in the
West.

SALT LAKE, Feb. 14.—M. J. Moore, of
New York, who says he is an agent of a
syndicate that contemplates the estab-
lishment of a wireless telegraph system
throughout the United States, has been
in this city for the past few days gather-
ing information, especially concerning
the topography of this section. The syn-
dicate, according to Mr. Moore, has
three agents crossing the continent
gathering these statistics. One is travel-
ing along the Northern Pacific, another
along the Union Pacific, and the third
is going to the Coast over the Santa Fe.
Mr. Moore said that the syndicate is
composed of wealthy New York, Phila-
delphia and London men, and that it
will be incorporated in the near future,
either in New Jersey or West Virginia.
He said that negotiations are being car-
ried on with Marconi for the purchase or
rental of his apparatus, and that sta-
tions will be established in all the prin-
cipal cities throughout the country.
Mr. Moore left for San Francisco last
night, from which point he will make
his final report.

Hard Colds

Hard colds nearly always
lead to something serious.
They run into chronic bron-
chitis, pneumonia, consump-
tion. Doctors know this.
That's why they so generally
approve of Ayer's Cherry
Pectoral. They tell us they
cannot prescribe anything
that cures coughs so quickly.
"Ayer's Cherry Pectoral cured my
daughter of a very bad cough after we
had tried about everything else without
relief."—E. B. Davis, Providence, R. I.

MAY STRIKE BACK

**England Offended Be-
cause Germany**

**Published Lord Pauncefote's
Note.**

**Talk of a Diplomatic Con-
spiracy.**

WASHINGTON, Feb. 14.—A story is going
the rounds to the effect that England
may, as retaliation against Germany on
account of the publication by the latter
of the now famous Pauncefote note,
bring to light official documents to show
that Germany tried to bring about con-
certed action soon after the battle of
Manila to prevent the United States re-
taliating the Philippines. There is also
talk of a conspiracy on the part of the
representatives of other powers to force
Pauncefote out of his position as dean of
the diplomatic corps.

St. Louis Fair.

WASHINGTON, Feb. 14.—The officials
of the Government Board of the St
Louis Exposition and a number of St
Louis men identified with that enter-
prise have been before the House
committee on expositions in relation to
the amount required for the govern-
ment exhibit. Congress has heretofore
appropriated \$250,000 as part of the
amount for the building, but the
amount for the exhibit itself has been
left open. Assistant Secretary of Agri-
culture J. F. Brigham, head of the Gov-
ernment Board, and his associates, cal-
culate on \$800,000 for the exhibit. They
also desire a building to cost \$450,000.

Dock Strike at Trieste.

The British cruiser Pallas has arrived
at La Guayra.

been signed between Russia and China.

FIGHT IN THE REISCHSRATH

The Jews and Anti-Semites
Quarrel.

VIENNA, Feb. 14.—A fierce row occur-
ing today in the Reichsrath between
the Jewish liberals and the anti-semites.
It lasted an hour during which time the
combatants bombarded each other with
such missiles as were handy.

Streeter is Implicated

CHICAGO, Feb. 14.—The coroner's jury
at the inquest over the body of John S.
Kirk, the watchman who was killed
Tuesday in the quarter's shooting affray
in the so-called "District of Lake Mich-
igan," along the Lake Shore Drive, to-
day returned the following verdict:
"From the evidence submitted we
believe that George Wellington Streeter,
William Fore, William McManners,
Henry Hodeltke and Samuel Protine
have guilty knowledge of cause of the
death of John S. Kirk, and we recom-
mend that they be held to the grand
jury."

Widen Kiel Canal

BERLIN, Feb. 14.—The German
Nautical Society, of Hamburg, has
passed a resolution for the widening of
the Kiel Canal, as this canal has already
reached its traffic capacity.

**DR. PRICE'S
CREAM
Baking
Powder**

In Use the most Economical

Greater in leavening strength, a
spoonful raises more dough, or goes
further.

Working uniformly and perfectly,
it makes the bread and cake always
light and beautiful, and there is never
a waste of good flour, sugar, butter
and eggs.

With finer food and a saving of
money comes the saving of the health
of the family, and that is the greatest
economy of all.

PRICE BAKING POWDER CO.,
CHICAGO.

NOTE.—Many mixtures, made in imitation of baking
powder, are upon the market. They are
old cheap, but are not at any price be-
cause they contain alum, a corrosive poison.

THE SIX DAY RACERS

In New York Breaking
Down.

New York, Feb. 14.—The great strain
is beginning to tell on the participants
in the six-day walk and many of the
pedestrians are acting like mad men.
Hegeman, one of the leaders, made a
savage attack on his trainer this morn-
ing. He struck him over the head with
a bottle and after some difficulty was
subdued by means of an opiate. Guerrero
gave around the track shaking his fist at
imaginary enemies. The Hurst brothers
were carried to their cots this morning
fighting and shouting.

Riotous Spanish Strikers.

CANON, Feb. 14.—A strike of the salt-
workers at San Francisco has provoked
serious disorders. The rioters attacked
the residence of the Mayor, and shops
were looted of their contents. Several
of the strikers were wounded in conflicts
with the police.

ABDUL HAMID'S LIFE

Threatened by His Palace
Officials.

VIENNA, Feb. 14.—The Tagblatt today
says a plot against the Turkish sultan's
life has been discovered in Abdul Ham-
id's palace. His aide de camp, Osman
Pasha, and another official has been ar-

slightly improved.
